## Vision

We put children first, pioneering excellence and championing each and every child.

## Overview

The Pioneer Academy (TPA) aims to ensure every child has the opportunity to engage in new experiences and visit new places beyond the school grounds, taking them to places that some children wouldn't have naturally gone to. School visits and inspiring visitors are an entitlement to every child who attends a school within The Pioneer Academy. This is part of each school's cultural capital commitment to provide a role broad and balanced curriculum that promotes spiritual, moral, social, cultural, mental and physical development and prepares our pupils for the opportunities and experiences of adult life.

The Pioneer Pupil Passport sets out a promise to each child;

*'... we want you to benefit from important opportunities and life experiences. Your Pioneer Pupil Passport will help you track different cultural, sporting, natural and skill based experiences. We hope these opportunities will leave you enriched for the future and provide you with fond memories as well.'*

All leaders, managers and governors within TPA understand that visits and trips can be effective ways of motivating pupils, and they can often offer unique educational experiences. The school aims to ensure that pupils are engaged in their learning and are given opportunities to explore this in a more practical setting that immerses them in their learning, bringing the learning to life.

Each year, each school will arrange a number of activities that take place off the school site and/or out of school hours, which support the aim of providing opportunities that enrich the curriculum, enabling the children to have first-hand experience of a wide range of topics and activities.

When planning and implementing a programme of varied visits, visitors and trips, TPA expects each school to undertake robust risk assessments. TPA takes the health, safety and wellbeing of our staff and pupils very seriously. This policy has been designed in line with DfE and HSE guidance and details our responsibilities for pupils and staff members while out on educational visits and school trips.

This policy applies to all staff, governors and trustees.

## Legal framework

This policy has been created with regard to relevant legislation including, but not limited to:

## Training of staff

- Staff will receive training on this policy as part of their induction.
- Staff will receive regular and ongoing training as part of their professional development.

## Planning school trips

Prior to planning a school trip, the following guidance will be read by the organisers:

- DfE (2018) 'Health and safety on educational visits'
- HSE (2011) 'School trips and outdoor learning activities'

A thorough risk assessment will be conducted by the **designated leader** during the planning of the trip, to ensure pupil and staff safety, to be signed off by the **educational visits co-ordinator**.

Adventure activities will always be identified at the planning stage and never added during the trip.

**When planning water sport activities, the need for instructors and lifeguards will be taken into account, particularly when using facilities which may not have a trained lifeguard present.**

The school will do everything in its power to ensure that all pupils are given an opportunity to participate in school trips, for example, organising two trips with a smaller group size or finding a venue which can cater for all pupils.

When planning an educational trip or activity, the School Board will ensure the trip does not discriminate against a particular individual, group of pupils or single school.

Residential School trips will be agreed upon at School Board level before any formal plans have been implemented. Any disputes relating to pre-planned educational trips or activities will be discussed and resolved by the Senior leaders of the school and shared with Chair of School Board.

## Risk assessment process

Our risk assessment process is designed to manage risks when planning trips, while ensuring that learning opportunities are experienced to the fullest extent.

The individual carrying out the risk assessment process will have the skills, status and competence needed for the role, understand the risks involved, and be familiar with the activity.

The process is as follows:

- Identify the hazards
- Decide who might be harmed and how
- Evaluate the risks and decide on precautions
- Record findings and implement them
- Review assessment and update if necessary

## Vetting providers

When considering external providers for activities, the **educational visits coordinator or school business manager** will check whether they hold the 'Learning Outside the Classroom Quality Badge' to indicate they meet nationally recognised standards.

If a provider does not hold the badge, the **educational visits coordinator** will check the following to ensure they are a suitable organisation to work with:

- Their insurance arrangements
- Their adherence to legal requirements
- Their control measures
- Their use of vehicles
- Staff competency levels
- Safeguarding policies
- The suitability of their accommodation
- Any sub-contracting arrangements in place
- The presence of necessary licences

If it is deemed appropriate to engage with an external provider, a written agreement will be created outlining what each party is responsible for.

If an organisation does not meet the school's standards, they will not be considered.

## Equal opportunities

The school promotes values of equality and does not discriminate against any individual or group of pupils when organising a trip.

The extra-curricular trips and activities offered to pupils will provide new experiences and develop life skills.

Extra-curricular trips and activities are organised, managed and conducted in accordance with the school's **Equality Statement**.

Due to the popularity of some extra-curricular trips and activities, the school offers places on a **first come, first served basis**.

Any individual, staff or otherwise, shown to be taking preference over one pupil or a group of pupils will be subject to formal disciplinary action.

Where possible, pupils will be given the opportunity to contribute to the planning and organisation of extra-curricular trips and activities.

For school trips that require additional payment, the fee will be reasonable and help will be provided where possible for pupils who cannot afford the initial fee.

### **Safe use of minibuses and seatbelts**

The **health and safety officer** is responsible for arranging the annual maintenance of the minibuses, including MOTs and road tax.

The use of minibuses will be organised in accordance with the **Minibus Policy**.

The driver will have a current driving licence, be aged 25 years or over and hold a full licence in at least a category D PCV in order to drive on a domestic school trip.

Category B PCVs may be acceptable in certain circumstances, as outlined in the **Minibus Policy**.

Before driving abroad, the **educational visits coordinator** will contact the LA for guidance on which licence is required.

Drivers will complete the relevant form from the **school office** and supply a photocopy of their driving licence.

If passengers are paying a charge, the minibus permit must be clearly displayed in the vehicle.

Internal damage to the minibus is the responsibility of the individual or organisation using the minibus. The school will decide who is responsible for covering the cost of any repairs.

The minibus will carry strictly one person per seat and seatbelts must be worn at all times.

Fines incurred will be paid by whoever was driving the minibus at the time the offence was committed.

Start and finish mileage, along with any potential risks, defects or damage identified, will be reported upon return to the school.

The following staff members hold the required licence and have completed specific training which allows them to drive the academy minibus:

Name	The Crescent Primary School
------	-----------------------------

## Parental consent

Parental consent is required for off-site activities that take place during school hours.

Written consent is required for:

- Activities of an adventurous nature.
- Residential trips.
- Foreign trips.
- Trips outside of school hours.

If preferable and appropriate, parents may complete an **annual** consent form at the start of any academic year which gives consent for their child to be involved in any and all activities, both on and off-site, that take place at any time, including the school holidays.

Separate consent will be sought for trips which require payment.

Parents will be informed of activities by letter and will have the opportunity to withdraw their child from taking part.

## Staffing ratios

There will be sufficient staff to cope in an emergency and generally. Our minimum staff to pupil ratios are as follows:

- Abroad: **Ratio**
- Other residential: **Ratio**
- High risk: **Ratio**
- Day trip visits: **Ratio**

## Insurance and licensing

When planning activities of an adventurous nature in the UK, the **educational visits coordinator or school business manager** will check that the provider of the activity holds a current licence.

Insurance will be organised for every trip, no matter how short, to ensure adequate protection and medical cover is in place.

Parents will be informed of the limits of any insurance cover.

Where a crime is committed against a member of the party, it will be reported to local police as soon as possible.

Medical expenses will be recorded and stored in **the school office**.

## Accidents and incidents

In the case of accidents and injuries while on a school trip in the UK, the school's accident reporting process will begin, as detailed in the **Health and Safety Policy**.

In the case of accidents and injuries while on a school trip abroad:

- Organisers will cooperate fully with local emergency services and understand that any injury or death of a member of staff or pupil outside of Great Britain may be subject to the law of the land where the accident occurred.
- The first point of contact within the UK will be the Head Teacher who will contact the family of the injured person.
- Pupils will be asked not to contact friends or parents in the UK until the family of the injured person can be contacted.
- The British Embassy/Consulate will be informed.
- The insurer will be notified.

The **Head Teacher delegated to School Business Manager** will keep written records of any incidents, accidents and near misses.

Media enquiries will be referred to the **Head Teacher** or, if they are not available refer to the TPA media trust policy and COO for advice.

Staff will use guidance as set out in the **Business Continuity Plan**, in particular the 'after a critical incident' section, to ensure the safety of pupils and staff should anything happen, e.g. a terrorist attack.

Staff will be briefed on how to react and respond should an emergency situation occur, e.g. a terrorist attack.

Relevant risk assessments will be undertaken before the trip, including for points of interests such as museums and hotels.

Pupils and staff are informed of an evacuation plan before entering trip venues; this should include an agreed rendezvous point, to ensure everyone knows what to do in an emergency.

To ensure pupils are easily identifiable, they must wear **the school sweat shirts and HI Vis jackets**. Failing this, pupils will be given a badge with the school logo on, which must be worn at all times.

### **Missing person procedure**

**The school places pupil and staff safety as its top priority when participating in school trips, either domestically or abroad.**

Before embarking on the trip, extensive risk assessments are undertaken.

The **designated leader** will communicate with the venues of the school trips to ensure the correct group sizes are planned for each setting.

When travelling with a pupil with special educational needs and/or disabilities, the **educational visits coordinator** will ensure an appropriate adult is with them at all times and that the visit is adequately modified to suit the pupil's specific needs.

Everyone on the trip will be provided with a contact sheet for all members of staff, in the event they are unable to locate their group.

All staff members and volunteers will be required to carry mobile phones with them at all times. If a volunteer doesn't own a mobile phone, they will be paired up with an adult who has a mobile phone.

Upon arriving at every venue, the trip leader will identify a rendezvous point where pupils and adults should go if they become separated from the rest of the group.

Pupils and staff will wear **school branded clothing**, in order to make them easily identifiable. High Vis jackets should also be worn.

Regular head counts of all pupils and staff will take place throughout the day to ensure all persons are present at all times.

In the event someone goes missing whilst on a school trip domestically or abroad:

The trip leader will ensure the safety of the remaining pupils and staff by taking a register to identify who is missing.

The trip leader will immediately identify at least one adult to start looking for the person and another adult to contact them via phone, these people will look for the person until, where necessary, the police arrive.

Where possible, the venue will be notified of the missing person to help ensure the person is found quickly.

If the person cannot be contacted or located within **10 minutes**, the local police or relevant authorities, e.g. the British Embassy, will be contacted.

If the police are called, the trip leader will contact the **Head Teacher**, or other available person, back at the school and inform them of what has happened.

If the police, or another authority, is called to an incident where someone is missing, they will oversee locating the person and will advise on factors including, but not limited to, when to contact next of kin.

If the missing person cannot be found, the group will return to school. If this is not possible, e.g. when a trip is taking place abroad, the **educational visits coordinator** will make arrangements to ensure the group's safety, e.g. by changing venues or cancelling visits.

If a member of the party has gone missing and is subsequently found, the trip leader will:

- Review the group sizes and staffing ratios to ensure no one becomes separated from their group.
- Review whether more registers should be conducted throughout the day.
- Assess which venues they attend to ensure they are suitable for the group.
- Make recommendations to the educational visits coordinator to ensure similar incidents can be avoided in the future.

## **Pupils with Special Educational Needs and/or Disabilities (SEND)**

Educational Visits should be available and accessible to all, irrespective of special educational or medical needs or protected characteristics.

When a visit or activity is being planned, all reasonably practicable measures must be taken to include all young people.

Every reasonable effort should be made to find a venue and activities that are both suitable and accessible and that enable the whole group to participate fully and be actively involved.

## **Finance**

The financial procedures outlined in [TPA's Charging and Remission Policy](#) will always be followed when arranging trips.

The school will act in accordance with the DfE's guidance document 'Charging for school activities' (2018) and, therefore, will only charge for trips which are classed as an 'optional extra'. This is education provided outside of school time which is not:

- Part of the national curriculum.
- Part of religious education.

Money for school trips will always be paid directly to the school. Under no circumstances should school trip money be processed through personal accounts.

All letters to parents regarding school trips will include a clause explaining what will happen in the event that the trip is cancelled or a pupil cancels their place on the trip.

In the event that the trip is cancelled due to unforeseeable circumstances, it is at the **Head Teacher's** discretion as to whether a refund is given to parents. The Head Teacher must take into account the cost to the school, including alternative provision costs.

In the event that a pupil cancels their place on a trip, it is at the Head Teacher's discretion as to whether a refund is given to parents. The Head Teacher will take into account the pupil's reasons for cancelling their place, whether the school will be reimbursed for the pupil's place on the trip, and whether the space on the trip can be offered to someone else.

The school will take a common-sense approach to refunds and cancellations, ensuring that all pupils are treated equally.

Any charge made in respect of pupils will not exceed the actual cost of providing the trip divided equally by the number of pupils participating.

Once trip arrangements are booked and confirmed, if contributions to a trip exceed the total cost of the trip, a refund will be given where the **excess is greater than £1 per pupil**.

Any excess of expenditure will be subsidised by the school.

## Foreign trips

When planning school trips abroad, the school will consider the Foreign and Commonwealth Office's guidance 'Safer adventure travel and volunteering overseas' (2015) and, where an activity poses significant risks, the school will also consult the British Standard for adventurous activities outside the UK.

Validity of passports and visa requirements will be dealt with within **three months** of the initial notification of the trip, to avoid problems when the trip is due to take place.

Staff and pupils will be taught about the culture and values of the country they are visiting, to ensure they understand and respect the values of the citizens.

Before the trip, staff are trained in spotting suspicious behaviour and remaining vigilant whilst abroad.

Before the trip, pupils will be taught how to remain vigilant in the country they are visiting, particularly about advances from strangers.

Registers will be taken at the start and end of each day, as well as before, during, and after events, and at regular intervals whilst on days out to ensure the whereabouts of pupils are known at all times.

Staff will check the town/city's local news at the start of each day of the trip, to ensure their planned activities are safe to go ahead.

A minimum **of two** members of staff attending the trip will have at least an intermediate understanding of the destination country's language.

At the start of the trip, all pupils and staff are provided with an emergency contact sheet, this includes the trip leader's mobile phone number, as well as emergency numbers and phrases for the country they are visiting.

When using external providers abroad, the school will check whether the provider holds an equivalent of the 'Learning Outside the Classroom Quality Badge'. If no such equivalent can be ascertained, the school will make checks in the same manner.

## **Evaluating trips and visits**

Following an educational trip/visit, the **educational visit coordinator** will meet with any staff members present on the trip to assess the success of the trip in respect of both educational value and safeguarding effectiveness.

Based on this assessment, recommendations will be made to improve future trips and visits.

### School trip volunteer guide

**Thank you so much for offering to help on our exciting trip.**

**Here are some tips to ensure the trip runs smoothly and that everyone is kept safe:**

- You will be allocated a group of children together with a list of their names. Please do regular headcounts to ensure your group is still together.
- When walking children should walk in twos on the side nearest the road, with your children further away from the road.

### SECTION 5 – DECLARATION BY TRIP LEADER

I certify that this trip has been carefully planned to support the curriculum and expand the life experiences of the children. I have undertaken a thorough risk assessment, considering the potential hazards on route and during the trip. I have thought carefully about how to minimise the risks for the children when travelling, the number of adults that I need and how to keep the children safe during the journey. I understand that I, as the trip leader, have a responsibility to ensure the learning outcomes of the trip are met and the children are kept safe at all times.
